The achievement medians are here reported adjusted to the ability ratings of the pupils.

Table I, when compared with the similar table for 1936-1937, shows that as your number of pupils decreases the cost per pupil increases. Total cost decreases only slightly because repairs, fuel, teachers, janitors and some other items remain rather constant in cost. The decrease is largely in the amount paid for high school tuition. It should be borne in mind also that the tables represent the school year ended last July 1, not the present school year.

Table II shows that the pupil achievement for the Town increased very satisfactorily. The average achievement for all school rooms was slightly more than a standard year's work with only two grades at Center Rutland and only one one-room school below standard. We are approaching much more nearly the ideal situation mentioned in last year's report which would be to have the achievement of from .1 to .4 above the standard achievement median, with more pupils actively participating in the work of each school room rather than passively memorizing soon forgotten facts as has been the case in the schools of the past.

## REPAIRS

The Post and Mill Village Schools were improved during the summer of 1938 by extensive repairs. The woodsheds were attached to the buildings, making both schools more convenient and getting the sheds into good repair again. A new chimney was built at Mill Village and the ceiling and side walls were renewed and painted. The ventilation at Post School was improved and with P. T. A. assistance a new lavatory was installed. These and other

improvements place these two schools again in the list of those which are in the "superior" rating.

The Dyer School should have an extensive repair program carried out the coming year. A W.P.A. project has been approved for this school and the growing enrollment in addition to the excess of pupils at Haiti School makes an additional room highly advisable. In successive years I would recommend extensive repairs at both Haiti and Cheney Hill schools in order to make them again satisfactory for use.

Another matter which should be mentioned in connection with the repair program is the possibility of consolidation of the Post, Haiti, Mill Village and Cheney Hill schools. Such a consolidation would be a distinct advantage to the pupils and to the communities for not only is teaching more efficiently carried on in such a school, but the school building if adequately constructed would provide a very desirable community center for adult activities as well as for the pupils. Present means of transportation make consolidation fully practicable and a growing practice.

The swings and other play equipment should be repaired at nearly all schools. Very little has been done in this respect for some years while the equipment has of course had very hard and constant use.

#### TRANSFER OF INSTRUCTORS

Since the enrollment at Center Rutland has grown smaller for some years there is no longer a need for four instructors. The enrollment at Dyer has been too great for one instructor for several years and at Haiti for the past two years. It seemed wise to transfer one teacher to Dyer School to help to take care of the situation there. If another room is added to that school the excess enrollment from Haiti can be accommodated there instead of transferring them to Center Rutland as at present.

#### RECOMMENDATIONS

1. Carry out W.P.A. project at Dyer school as approved.
2. Repair play equipment.
3. Plan for reconstruction of Haiti and Cheney Hill schools or for consolidation of the four one-room buildings in the next few years.

One observation has bothered me considerably in recent years. It is the fact that the school people have not been able to keep the public generally informed regarding school changes and the reasons for them. There is much information available regarding this subject in P.T.A. magazines and in various books on the subject. Character education and development, the development of an attitude of cooperativeness in pupils rather than undue competition, and many other objectives of better future citizenship are being developed. These changed objectives are favored by the leading thinkers of all political parties and by socialologists and educators. I shall be glad to meet with any interested parties, study groups or Parent-Teacher Associations to discuss educational objectives or other school questions at any time when I can do so.

The fine and improving spirit of the people of Rutland Town toward a school support is greatly appreciated not only by the administration of the schools but by the teachers and pupils.

Respectfully submitted,

WINN L. TAPLIN,

Superintendent of Schools.

The Selectmen of your Town decided to use the Unselected Highway Fund for flood purposes as far as it would go.

The Unsettled Highway Fund of \$1,102.50 is as follows: \$732.30 to Highway; to General, \$370.20. This fund is due from State and not received at the time our books were closed.

Our flood damage was greatly helped by receiving W.P.A. funds.

Due to the fact we having money due from State, also a shortage from our Tax Collector not received at the date we closed our books, it was necessary to obtain a temporary loan on January 31, 1939.

Tools in our possession are two lawn mowers, three picks, rake, two bars, 3 shovels, one stone hammer.

Respectfully submitted,

JESSE D. BILLINGS, JR.,  
HARLEY J. BLAKEY,  
FRED S. HAWLEY,  
Selectmen.

## HEALTH OFFICER'S REPORT

From February 1, 1938 to February 1, 1939 the following communicable diseases were reported to me.

|                |    |
|----------------|----|
| Mumps          | 25 |
| Measles        | 16 |
| Chicken Pox    | 7  |
| Whooping Cough | 5  |
| Impetigo       | 6  |
| Scarlet Fever  | 1  |

Several cases of dumping garbage and rubbish beside the road were also reported and investigated and warnings given. In case of a second offense prosecution will follow.

Any cooperation in helping to stamp out the practice of littering the highways or adjoining property will be greatly appreciated.

Respectfully submitted,

DONALD V. RUSSELL,  
Health Officer.

## OLD AGE ASSISTANCE

The amount paid in old age assistance in the town of Rutland Town for the fiscal year ending June 30, 1938, was \$2,382.50. During this period 96 cents out of every dollar available to the Old Age Assistance Department was paid in benefits to eligible elderly persons and only 4 cents was used for administration. The cost to the state for administration was 1.6 cents and 2.4 cents was paid by the Federal Government.

W. ARTHUR SIMPSON, Director.

The Town paid the State from poll tax receipts \$1,415.25.

Respectfully submitted,

ANDREW L. ORZEL,  
Investigator.

The Auditors have examined the accounts of the several Town officers and Town School District officers as submitted to us and we believe them to be correct as audited.

As an aid to a correct audit we insist that all orders drawn by Town and Town School District officers be accompanied by proper and fully itemized vouchers before checks can be written for their payment.

Also, that each officer furnish to the Auditors an itemized account of all unpaid bills as of Feb. 1st each year.

Also, that the Collector must account for all partly paid taxes in his possession on Feb. 1st of each year.

Our debt is being reduced and we feel this is rightly approved by every voter and to continue this habit we ask you to vote that each department keep within the sums voted for its use.

We appreciate the effort which all of the Town officers have made to keep their accounts and papers in an orderly condition and the assistance they have given us in our audit.

LEIGH HUNT,

CHARLES B. KEEFE,

DONALD V. RUSSELL,

Auditors.

# WARNING

The legal voters of the Town of Rutland and the Town of Rutland School District are hereby warned to meet at the Town Hall at Center Rutland, March 7, 1939, at 10 o'clock A. M. to act on the following matters, namely:

1. To see if the Town will empower and authorize the Selectmen to appoint one or two Road Commissioners.
2. To choose all necessary officers required by law.
3. To see if the Town will vote to raise money by tax or otherwise to pay current expenses and indebtedness of the Town and State, School, Highway and County Taxes. If by tax, how much?
4. To see to whom and when the several taxes shall be due and payable.
5. To see if the Town will appropriate two hundred dollars to secure the use of the Rutland Free Library to the inhabitants of the Town.
6. To see if the Town will authorize the Selectmen to borrow money for the temporary use of the Town.
7. To see if license for the sale of malt and vinous beverages shall be granted in this Town.
8. To see if spirituous liquors shall be sold in this Town.
9. Shall baseball be allowed on Sunday in this Town?
10. Shall moving pictures be allowed on Sunday in this Town?
11. Shall lectures or concerts be allowed on Sunday in this Town?
12. To see if the Town will authorize the Selectmen to dispose of the old safe, which has been condemned by State Records Commission.
13. To see if the Town wishes to take advantage of the extra \$25.00 per mile granted to towns by the State, provided the Town spends \$25.00 per mile of their own money on Town roads outside of winter maintenance. This applies to No. 101 of the Acts of 1937.
14. The question of Town officers' salaries, raising taxes, what provision the Town will make for higher education of schools of the Town and any other article unable to be voted on by the Australian ballot will be taken up at 1:30 P. M. by acclamation from the floor as has been our custom in the past.
15. To transact any other necessary, legal and proper business.

The Polls close at 3:00 P. M.
